

WE'RE HIRING NEW TALENTS!

USER INTERFACE DESIGNER (m/f) – based in Germany

ABOUT US

We are Sowa Labs, an international, dynamic and passionate Fintech startup with lots of love and craziness for AI, predictive data analytics and retail investors. Just recently, we teamed up with Boerse Stuttgart, Europe's leading stock exchange for securitized derivatives and retail investors. We are headquartered in Stuttgart, Germany and have our research and innovation hub close to the beautiful mountain panorama of Ljubljana, Slovenia. Our goal is to facilitate investing and trading in financial markets so that everybody out there is able to find, evaluate and trade an investment opportunity just as easy as grocery shopping. We are a great team with many different backgrounds and we are looking for talents to shape the future of trading and investing with us.

ABOUT YOU

You eat complexity for breakfast, have never met a challenge you don't like and strive towards delivering out of the box solutions. Optimization is your middle name and you don't accept to be the second? If so, we are pleased to meet you!

JOB DESCRIPTION

We are looking for a User Interface Designer who helps us to attract the next generation of retail investors (in the trading & finance sector). You will work closely with a highly talented team to bring in your strong sense of aesthetics, coupled with strong communicational skills.

SOWA LABS GmbH

Börsenstraße 4

WE WANT YOU:

USER INTERFACE DESIGNER (m/f)

JOB-ID 31101M732

RESPONSIBILITIES

- ☞ Design unique and inspiring interfaces (starting from first wireframes over mock-ups to release and maintenance)
- ☞ Collaborate with developers and UX designer to ensure the highest level of quality in production
- ☞ Discuss your ideas and design concepts within the team and iterate on the best solution
- ☞ Work with other team members on exploring new design directions to establish and promote principles and best practices
- ☞ Build prototypes (new features) with UX designer to test their impact and usability
- ☞ Do research on product-related topics and conduct user interviews

SKILLS AND QUALIFICATIONS

- ☞ Proven experience as a User Interface Designer, ideally in a finance/banking environment
- ☞ You are a passionate designer with proven track record of crafting unique & usable interfaces
- ☞ Bachelor's or Master's degree in Interface or Interaction Design or related field
- ☞ Good understanding of user-centered design and design thinking
- ☞ Ability to present and explain your ideas and design decisions to the team
- ☞ Up-to-date knowledge of the latest development in the design community
- ☞ Experience in front-end technology for implementation and prototyping
- ☞ Excellent communication skills with a business fluency in both German and English
